## **BANGLADESH ECONOMY: A BRIEF OVERVIEW**

The economy of Bangladesh has performed well in comparison to many developing countries despite having global economic slump due to the Coronavirus pandemic. In 2020, Bangladesh was considered as the 3rd largest performing economies according to IMF. In FY2021, Bangladesh secured 6.94% GDP growth having \$2591 per capita income and became one of the fastest-growing economies in Asia while many developed and developing economies underperformed. Economy has consistently progressed with 7% growth for few years until COVID hits backed by strong economic fundamental, compounding export and growth in many socioeconomic fronts and evolving private sector. Due to unprecedented resilience noticed in the economy amidst this recent crisis, Bangladesh has been considered as top 5<sup>th</sup> resilient economy in the world and top resilient economy in the Asia. The ongoing Russia-Ukraine crisis, along with the adverse impact of the COVID-19 pandemic, is having a worldwide spillover effect on commodity and financial markets, trade flows, price, and exchange rates. Economic activities continued to recover, aided by well-supportive monetary and fiscal policies. As a result of extensive coverage of the COVID-19 vaccination program, business confidence and economic activities remained upbeat in FY2021. The GDP has increased \$416 billion of 7.25% growth with \$2824 per capita income for FY2022 according to a provisional estimate of Bangladesh Bureau of Statistics (BBS), national centralized official bureau.

### **Economic Growth and its key Sectors**

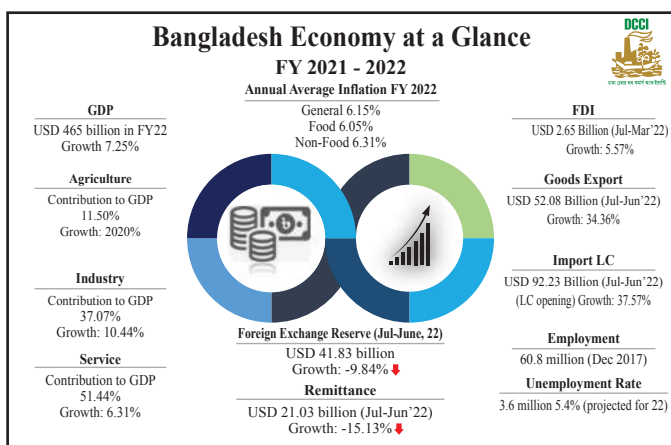

Bangladesh economy has been consistently performing well with above 6% of GDP growth since FY2010-11 until COVID-19 outbreak happens. The growth rate elevated to 7.88% in FY2018-19. Despite COVID-19 impact, Dollar price hike, inflationary pressure and world led global ongoing crisis in economy, country's economic growth trend increased due to timely policy measures. In FY2021-22, the real GDP growth rate was 7.25% which was 6.94% in previous fiscal year.

Per capita GDP and per capita national income stood respectively at US\$2,723 and US\$2,824 in FY 2021-22. The domestic savings (Gross) stood 21.56% of GDP and national savings stood at 25.45% of GDP for the same period. The gross investment stood at 31.68% of GDP in FY2021-2022 where public and private investment accounted for 7.62% and 24.06% of GDP, respectively<sup>1</sup>. The economic achievement of the country are reflected by the GDP ranking of the world.

---

<sup>1</sup> GDP, Bangladesh Bureau of Statistics (BBS), (Base Year: 2015-16)

Bangladesh is now the 38<sup>th</sup> largest economy in terms of nominal GDP and 30<sup>th</sup> largest economy in terms of PPP. If the current trend of economic development in Bangladesh continues, it will be the 24<sup>th</sup> largest economy in the world by 2036, according to the Center for Economics and Business Research (CEBR), a UK-based economic research organization. And, IMF also projects Bangladesh will exceed many developing economies like Netherlands, Thailand Singapore, Denmark, UAE and Malaysia by 2025 hitting the US\$500 billion GDP benchmark. This projection shows tremendous economic potential of the country in the decades to come.

The growth rate of major sectors in constant price is given below for portraying the scenario of macro-economy.
